DEMOCRATIC PLATFORM.

WE, the Liberal Republicans of the United States in Convention assembled at Cincinnati, proclaim the following principles as essential to just government:

DEAD ISSUES REPEALED.
1. We recognize the equality of all men before the law, and hold that it is the duty of the government in its dealings with the people to mete out EQUAL AND EXACT JUSTICE TO ALL, OF WHATEVER NATIONALITY, RACE, COLOR OR PERSUASION, RELIGIOUS OR POLITICAL.

2. WE PLEDGE OURSELVES TO MAINTAIN THE UNION OF THESE STATES, EMANCIPATION AND ENFRANCHISEMENT, AND TO OPPOSE ANY REOPENING OF THE QUESTIONS SETTLED BY THE THIRTEENTH, FOURTEENTH AND FIFTEENTH AMENDMENTS OF THE CONSTITUTION.

UNIVERSAL AMNESTY.
3. We demand the immediate and absolute removal of all disabilities imposed on account of the rebellion which were finally subdued seven years ago, believing that UNIVERSAL AMNESTY WILL RESULT IN THE COMPLETE PACIFICATION IN ALL SECTIONS OF THE COUNTRY.

DEMOCRATIC TO THE CORE.
4. LOCAL SELF-GOVERNMENT with impartial suffrage, will guard the rights of all citizens more securely than any centralized power. The people and the public welfare require the SUPREMACY OF THE CIVIL OVER THE MILITARY AUTHORITY AND FREEDOM OF PERSON UNDER THE PROTECTION OF THE HABEAS CORPUS. We demand for the individual the largest liberty consistent with public order, for the state self-government, and for the nation a return to the methods of peace and the constitutional limitations of power.

"TRUE AS PREACHING."
5. The civil service of the government has become a mere instrument of partisan tyranny and personal ambition, and an object of selfish greed. It is a scandal and reproach upon free institutions, and breeds a demoralization dangerous to the perpetuity of republican government.

THEREFORE A WISE DEMAND.
6. We therefore regard a THOROUGH REFORM OF THE CIVIL SERVICE as one of the most pressing necessities of the hour; that honesty, capacity and fidelity constitute the only valid claims to public employment; that the offices of the government cease to be a matter of arbitrary favoritism and patronage, and that public station become again the post of honor. TO THIS END IT IS IMPERATIVELY REQUIRED THAT NO PRESIDENT SHALL BECOME A CANDIDATE FOR RE-ELECTION.

TAMMIST QUESTION SHOWN ASIDE.
7. We demand a system of federal taxation which shall not unnecessarily interfere with the industry of the people, and which shall provide the means necessary to pay the expenses of the government, economically administered—the pensions, the interest on the public debt and a moderate annual reduction of the principal thereof, and recognize that there are in our midst honest but irreconcilable differences of opinion with regard to the respective systems of protection and free trade. WE REMIT THE DISCUSSION OF THEM TO THE PEOPLE IN THEIR CONGRESSIONAL DISTRICTS, AND THE DECISION OF CONGRESS THEREON WHOLLY FREE OF EXECUTIVE INTERFERENCE AND DICTATION.

NO REPUTATION.
8. The public credit must be sacredly maintained, and we DENOUNCE REPUTATION in every form and guise.

REIGN OF THE TRUE METAL.
9. A SPEEDY RETURN TO SPECIE PAYMENTS is demanded alike by the highest considerations of commercial morality and honest government. A WORD FOR THE SOLDIER BOYS.

10. We remember with gratitude the sacrifices of the soldiers and sailors of the republic, and no act of ours shall ever detract from their justly earned fame, or the full rewards of their patriotism.

AVANT, LAND BOBBERS!
11. We are opposed to all further grants of land to railroads or other corporations. THE PUBLIC DOMAIN SHOULD BE HELD SACRED TO ACTUAL SETTLERS.

LIBERAL FOREIGN POLICY.
12. We hold that it is the duty of the government in its intercourse with foreign nations to cultivate friendships of peace by treating with all on fair and equal terms, regarding it alike dishonorable either to demand what is not right or submit to what is wrong.

"EVERYBODY INVITED."
13. For the promotion and success of the liberal principles, and the support of the candidates nominated by this convention, we invite and cordially welcome the co-operation of all patriotic citizens, without regard to previous political affiliation.

CHICAGO CORRESPONDENCE.

Chicago, June 16, 1872.

According to agreement I will now undertake to issue a short communication for THE BULLETIN. Let me state here, however, that having had my time and attention constantly employed for the past week, I am not as well prepared for the task in hand as I would like to be. However, I will do the best I can, promising to do better the next time.

Chicago, as is her wont, is pushing ahead with more than usual vigor. The work of rebuilding is going forward with great rapidity, and in less than five years from the present time, she will have regained all and much more than she lost in the great fire of October last. Already hundreds of the most costly and magnificent business blocks have taken the place of the less substantial ones destroyed by the fire; and hundreds of others of a like character are in course of erection.

I have it from good authority, that in a certain district where property to the value of \$24,000,000 was swept away by the fire, new buildings have been put up, and contracts signed for others to be commenced at once, and completed as soon as possible, valued at the enormous sum of \$36,000,000. If this does not speak well for Chicago and her enterprising business men, what will?

Just at this time there is considerable excitement existing among livestock dealers in and about the Union stock yards near this city, in consequence of the enormous number of dead hogs that have arrived here within the past few days. In one day—Wednesday last—no less than one thousand seven hundred dead hogs were taken from the cars arriving at the yards from the interior on that day.

What the cause of this fearful mortality among the hogs is not known, but it is generally believed to be the result of packing so many into one car. In many instances shippers cannot get a sufficient number of cars to supply their wants, and they are compelled to pack as many hogs into a car as they can, and the result is that about one-third of every car load arrive here dead. The matter will at once be looked into by those most interested, when the cause of this terrible destruction of "hog belly" will be ascertained, and steps taken at once to prevent it in the future.

THE "PERSONAL LIBERTY LEAGUE" of the eleventh ward of this city held a meeting at Orpheus hall, corner of Lake and Peoria streets, on Friday night. This society is composed mostly of saloon keepers and men who will be effected by the new liquor law, passed by the last legislature, and which will go into effect on the first day of July. These men have banded themselves together for the purpose of opposing the enforcement of the law, to the odious measure. They do not propose to use violence or threats to accomplish their purpose, but are determined to try the validity of the law through the proper means—the courts. Already considerable money has been subscribed for this purpose, and there is no doubt that the courts will soon be called upon to pass judgment as to the validity of the new liquor law.

LIBEL SUIT.
The case of Miss Linda Gilbert vs. the Chicago Evening Post, in which damages, to the amount of \$10,000 is claimed for an alleged libel, has been occupying the attention of Judge Rogers' court for several days. Miss Gilbert was, at the time the libel is claimed to have been committed, matron of the "home for abandoned women" in this city. By some means she became connected with a lottery which the "Post" stigmatized as a "swindle," and even hinted that Miss Gilbert was not, like Caesar's wife, "above suspicion," but that she was a little to use the expression—"loose in her ways," and in fact, "handed" Linda without gloves. Hence the suit. The case is still on trial and will be resumed at the opening of court to-morrow. It is attracting considerable attention among the legal fraternity, and it is the general impression that Miss Gilbert will lose the suit.

THE COLLECTORSHIP.
Mr. McLean having tendered his resignation as collector of the port of Chicago, considerable anxiety prevails among the leading politicians to know who his successor will be. It is said that Mr. C. B. Farwell, the radical congressman from this district says he has recommended "some one" for the office, but who that "some one" is he declines, just at this time, to make public. He has, however, given the deputies of the present collector to understand that they need not look for promotion; for he adds that Mr. McLean's successor must be a man of some political influence, intimating that the deputies in the office are a set of "gallies," and must be satisfied with what they have or get out of the way altogether.

POLITICALLY.
Things are lively in this section. From what I can learn there are a good many of the more substantial and influential republicans of this city and county identified with the Greeley and Brown party. Greeley clubs are being organized, and there is no doubt that when election day comes the "straight republicans" will find themselves woefully in the minority. As for the democratic side of the house, there seems to be but one opinion prevailing among them. They are for "anybody to beat Grant." While it is true the great majority of democrats in this vicinity would have been better pleased had the Cincinnati convention nominated some other man than Greeley for president, they are at the same time opposed to the nomination of a straight ticket by the Baltimore convention. They will support Greeley and Brown, and do it with a right hearty good will, for they know that the republican adherents of the present administration would be only too glad were the Baltimore convention to place a third ticket in the field. If this were done it would divide the opposition to Grant to such an extent as to render his election a certainty. Let the Baltimore convention endorse the Cincinnati nominees, and his Royal Highness Ulysses G. will not be wanted about the white house after the 4th of March next. I for one will vote

for Greeley, even if the best democrat in the country should be nominated at Baltimore, and there are thousands of others who will do the same.

AMUSEMENTS.
In the way of amusements Chicago is now, and has been for some time past, having her full share. All the theaters in the city are in full blast and are crowded nightly.

BASE-BALL.
Several noted base-ball clubs are now in the city and the base-ball park will be the scene of some lively battling during the week. To-morrow the Mutuals and the Troys will play a match game for the championship of the United States. It is thought the Troys will carry off the laurels.

But I have already made this letter too long, so will break the point of my pencil for the present.

MISSISSIPPI CENTRAL R. R. CO.

Milburn, Ball County, Ky., June 15th, 1872.

In pursuance of a brief notice, the citizens of Milburn and vicinity turned out en masse to take into consideration the question of the right of way of the proposed route near Milburn, of the Mississippi Central railroad from Jackson, Tennessee, to Cairo, Ills.

Dr. C. McKinney was called to the chair, and J. B. Quigley, Jr., was appointed secretary.

Dr. C. McKinney, upon taking the chair, addressed the meeting in a plain and practical manner, setting forth the purpose as above mentioned.

Judge Thos. P. Hays was then called upon, who responded in a well-timed and eloquent speech, showing clearly and conclusively the necessity of railroad facilities, and their effect in enhancing the value of lands in all countries through which they pass. He also showed from facts and figures, that, from the geographical situation of Milburn, (being 14 miles from Columbus and the Mississippi river, and 18 miles from Mayfield, Kentucky,) and from her location controlling a large amount of trade, that the railroad, if built through this section, could realize in freight alone at Milburn, from fifteen to twenty thousand dollars per year, independent of the ordinary local trade and travel common to all roads.

The following named gentlemen were appointed a committee to draft resolutions expressive of the sense and purpose of the meeting: Thos. C. Hays, John A. Moss, J. N. Sanford and Dr. L. M. Lovelace, who reported the following preamble and resolutions:

That whereas a route has been recently surveyed through the counties of Hickman and Ballard for the purpose of extending the Mississippi Central railroad from Jackson Tenn., to Cairo Ills., and whereas the said survey passes within a short distance of Milburn, Ballard county is desirous of having the aforesaid road located on or near the said line of survey, therefore, be it

Resolved, That T. P. Hays, Green Nichols, T. R. Hays, Doc. Williams, Alf. Hays, Caleb Green, Walter H. Courtney, and E. G. Kirkpatrick, of Hickman county, and M. L. Cummins, Rev. C. L. Cate, Dr. C. McKinney, R. George, H. T. Watson, J. B. Quigley, Pat. McGary, Isaac Stephens, Robt. Summers, H. Boswell, W. H. Russell, Wm. Tucker, Capt. N. Frick, J. H. Hays, G. W. Stone, Dick Milburne, Dr. E. O. Reid, J. A. Richardson, Dr. A. A. Slaughter and C. W. Milburn of Ballard County are hereby appointed a committee whose duty it shall be to canvass their separate counties along the proposed route and solicit the right-of-way through the lands thereof free of charge to the said railroad company, and to immediately in the discharge of said duty; to reduce to writings all contracts with persons for the "right-of-way" to the said company; also, to report the names of non-resident owners of lands and their place of residence, as well as lands owned by infant heirs and their guardians through which the said route passes; and that J. B. Quigley, Dr. C. McKinney and G. W. Stone are appointed a committee of conference to report in person to the said railroad company the labors of the aforesaid committee, and any and all matters that may be of interest, or that may benefit the said company in the construction of their road upon the proposed route; also to report the amount of business annually done in the town of Milburn and its vicinity in the way of freights to and from Milburn in conducting her business; also to consult with the said company in regard to material, and if needed by them and for all general purposes herein; which was unanimously adopted by the meeting.

It was then moved and carried that T. P. Hays, G. W. Greenup, J. N. Sanford, Dr. L. M. Lovelace, Capt. John A. Moss and Isaiah Hutson be added to the first committee, and that T. P. Hays and J. N. Sanford be added to the conference committee with Messrs. Quigley, McKinney and Stone.

It was then moved and carried that the Columbus Dispatch, Cairo papers, Paducah papers, Mayfield Democrat and Jackson, Tennessee, papers be requested to publish the proceedings of this meeting. Moved to adjourn.

C. McKINNEY, Ch'n.
J. B. QUIGLEY, Jr., Sec'y.

Two festive Germans attending the St. Louis Sausagefest, got in a row on Wednesday when one struck the other on the head with a sheathed saber, from the effects of which he died Friday.

"PRINCE JOHN" Van Buren visited England during his father's presidential term, and actually had the honor of dining with the same queen who now, after a lapse of thirty-two years, politely entertains the child of another president.

An English lady was recently forced to pay twenty dollars as damages for having given a good "character" to a servant whom she knew did not deserve it. Suppose the same penalty was exacted in this country for giving good characters to public servants who don't deserve them—the Philadelphia delegates would return home bankrupts.

To discover spurious greenbacks or national bank-notes, divide the last two figures of the number of the bill by four, and if one remains the letter on the genuine will be A; if two remain it will be B; if three, C; and should there be no remainder, the letter will be D. For example, a note is registered two thousand four hundred and sixty-one; divide sixty-one by four, and you will have one remaining. According to the rule the genuine will be A. In case the rule fails to be certain that the bill is counterfeit or altered.
